Rising State, Local Taxes May Nibble Away Cut Plans

WASHINGTON, Feb. 25.—Tightening state and local security taxes may nibble away a large chunk—possibly half—of President Kennedy's proposed tax cuts by the time they would take effect.

The 22 billion dollar increase in social security rates on Jan. 1 and the 500-million dollar hike in postal rates on Jan. 7 will offset most of the 3.1 billion dollars in individual and corporate tax savings proposed by Kennedy for 1963.

With most of the 47 state legislatures meeting this year considering tax increases totaling perhaps 25 billion dollars, much of the 32-billion dollar reduction envisaged in the Kennedy program for 1964 would be wiped out.

Not all the legislatures are expected to raise taxes but it's true that a four-year cycle of such action has developed, and 1962 is the year for it. Thirty-three states raised taxes in 1959.

Three other factors will be working, tax experts report, to dilute the income-boosting, investment-stimulating and job-creating benefits of Kennedy's net \$102 billion dollar, three-year tax reduction.

1. Part of the taxpayers' sav-

ings would be picked up automatically by the 19 states whose taxpayers can deduct federal income taxes from their taxable income. In these states a cut in federal taxes means more income would be subject to state tax.

2. In 12 states whose tax systems are tied to the federal system, the laws require that citizens compute their taxable income on about the same basis as they do for the federal income tax. The revenue-boosting reforms which Kennedy needs—including curtailed personal deductions—would become part of these state systems, unless the state rates are changed. The federal rate, now, would not necessarily be carried over into the state systems, so state tax liability would be increased.

3. Cities and other local governments not only are pressing state legislatures to raise taxes

Repair Slated For Breach in Atlanta's Wall

ATLANTA, Feb. 25 (AP)—City officials planned today to repair a week-end breach made in Atlanta's so-called Berlin wall—scuttly barricades set up to create a racial "buffer zone" in the southwest section.

Mayor Ivan Allen, Jr. said Sunday night it was up to the city to fix the wood and steel barrier breached on Harlem road Friday night. A section was sawed off and tossed into a creek. The next night someone filled the damaged portion with bushes and tree limbs.

Ex-Warden Denies All Executions

SALT LAKE CITY, Feb. 25 (U)—A former warden of San Quentin prison in California, says the punishment is on its way out in the United States.

Clinton T. Duffy made this statement on his arrival in Salt Lake City to participate in a seminar at the University of Utah today.

Duffy, now vice president of the National League to Abolish Capital Punishment, has advised 150 men in the gas chamber in California and in some decisions against capital punishment.

"Capital punishment has not served as a deterrent to crimes that are covered by the death penalty," Duffy said. He added that "execution of persons is a competent authority who develops the case and who can play upon the emotions of the jury, he usually receives a lesser degree of punishment."

The capital punishment seminar is part of a week-long series titled "America in Controversy," in which 20 nationally significant subjects will be presented by notable speakers at the university.

Other speakers during the week will include: Cline Booth, former U.S. ambassador, Charles Brannan, former secretary of agriculture, and Utah Sen. Frank E. Moss.

Big U. S. Loan Goes to India

WASHINGTON, Feb. 25 (U)—The United States today made the largest development loan in the history of the foreign aid program—\$40 million dollars to India.

The purpose: To help India finance imports of priority goods. No military aid is involved.

The entire amount will be spent in the United States.

The only larger U.S. loan was for \$217 million dollars. It was to Britain in 1948. It was for reconstruction, not development.

Khrushchev, Mao Gingerly Dipping Into Reconciliation

By STANLEY JOHNSON
Associated Press Analyst

Soviet Premier Khrushchev and Chinese communist chief Mao Tse-tung seem to be dipping their toes gingerly into the waters of reconciliation.

There are indications from both Moscow and Peking that the leaders of the two red giants want to bridge their ideological and political fissures which have rocked the communist world.

Signs of a thaw in the icy relations began to appear ten days ago.

Among the latest developments:

1. Mao Tse-tung called in the Soviet ambassador to China, Stephen V. Chernomerkov, for their first serious talk. Peking on Sunday gave big front-page play to the meeting.

2. On a slightly lower level in Moscow, Soviet Foreign Minister Andrei A. Gromyko had the new Chinese ambassador, Pan Tzu-li, to lunch, obviously with Khrushchev's approval. This also was big news in Sunday's Pravda.

It was evident both ambassadors had something of importance to report to their chiefs and also that they had had something of importance to say to their hosts.

Khrushchev singled out Pan for attention at a Moscow reception. He publicly pledged the eternal brotherhood of the Soviet Union and Communist China.

Then Pravda printed a long editorial which, as the Chinese had done previously, deplored the publicly surrounding the dispute. It said the Soviet Communist party would meet privately with any fraternal party no matter what quarrels lay between them.

Balloon Probe Results May Be Known in Week

SAN DIEGO, Calif., Feb. 25 (U)—Results of the highest balloon-borne infra red radiation measurements ever taken were expected to be known by mid-week.

General Dynamics-Astronautics reported yesterday that a re-

search balloon launched last Friday near Yuma, Ariz., had been recovered after it was "sent to an altitude of 25 miles to measure radiation absorption by the atmosphere."

Dr. Fred G. Clavel of astronautics said one objective of the test was to obtain accurate information to aid in the design of military space detection systems. Analysis of the recorded data also was expected to furnish astronomical and meteorological information.

REPEAT MONDAY NIGHT MOVIES

"King of the Khyber Rifles," (1954) Tyrone Power, Terry Moore, Michael Rennie (Color, 8 p.m. Channel 2-ELC and 9—Adventure-filled and action-packed drama of Capt. Alan Kline, a half-caste English soldier, who is commanded during the Sepoy mutiny in India to destroy his foster brother—Kurrum Khan. King is given command of the Khyber Rifles. Beautifully photographed in India and the Far East, the film isn't great, but is entertaining.

"Raiders of Fortune," (1955) Clark Gable and Susan Hayward (7:30 p.m. Channel 7)—Adventure story set in Hong Kong is a handsomely mounted production, with commensurate plot.

"The Glass Wall," (1952) Vittorio Gassman, Gloria Grahame (11:05 p.m. Channel 4)—Interesting off-beat story about a foreigner who jumps ship in New York City after he is refused entry. His exploits in the big city in search of a friend whose life he saved during the war lead him to the United Nations building—the glass wall—where he almost kills himself. Gassman is fine as the desperate Peter.

Utahns Hear CAP School Bill Changes

BAIT LAKE CITY, Feb. 25—The senate education committee heard suggestions from school superintendents today on the CAP school bill. The bill is being considered in two opposing school finance bills before the Utah legislature.

The bill is the program of Gov. George D. Clyde and the cooperating agencies for public schools.

Clyde recommended an increase in the basic school support program from the current \$4,600 to \$6,175 plus an additional \$775 to \$4,950 for 18 mills local effort.

The CPA plan would increase the basic program to \$7,000, adding another \$2,000 with eight mills local effort plus a \$500 bond levy for \$9,000 per district.

Sen. John Bernhard, R. Provo, chairman of the committee, said after the hearing the committee would "branch out" what we have heard and decide on a program that can be passed and the state for their consideration.

Most legislators hope the program will be arrived at this week. "I think there is common agreement among a large group of senators regarding the program," Bernhard said in terms of the dollars and cents we can't expect much more than has already been mentioned in the governor's budget.

"But however, within that total sum of dollars and cents, a wide variety of alternatives could be adopted concerning allocation of these funds."

"One of the primary problems is equalization versus local effort."

Sparkman Asks More Sympathy In FHA Defaults

WASHINGTON, Feb. 25—Robert Sparkman, D. Ala., today urged the Federal Housing Administration to be more sympathetic toward persons in danger of losing their homes because they fall behind in FHA-insured mortgage payments.

Sparkman said the present law worked the agency to work out some arrangements for the man in this predicament, but that the provision "is not very effective."

The senator, chairman of the housing subcommittee, added: "In fact, we have evidence of price-hypocrite borrowers who hardly give the defaulted borrower a chance before taking away his home through foreclosure."

Candy Spots Seen As Great Horse

ARCADIA, Calif., Feb. 25 (AP)—"If he lives up to his early credentials," says a press release from Santa Anita Park, "Candy Spots will make the Santa Anita Derby a golden stepping stone to the Triple crown."

This soundly won an inflated estimate of a 3-year-old horse who has run only four races in his career and won by only a derby for 3-year-olds.

The most individual name and series score was registered by Betty Herwig of Four Chiefs Caters of Philadelphia, with 89 and 84, respectively. Her individual score tied her for the tournament high with Laverne Carter of Staley Paint of St. Louis, who had a 84 Saturday.

YOUR BIRTHDAY
and HOROSCOPE

MONDAY, Feb. 25—Born to-day, you seem to have come into the world with a ready-made sense of right and wrong and a determination to see justice done. Your enemies may call you stubborn and opinionated, but those who really know you can only respect you for standing your ground in the face of all odds or any degree of criticism in order to see that right prevails. You need only be sure that you, yourself, are right in order to win!

Although firm in your beliefs, and a virtual fury in defense of them, you are not quick to anger. You are willing always to hear the other side of the story. But should that "other side" not satisfy you, let your opponent beware! You will be on him in a flash with all your logic, your long memory for facts and all your level-headed cleverness.

For all your ramrod strength of character, you are a romantic at heart. Indeed, you may even have difficulty in persuading that heart to stick to only one object of affection, and you may thus be a long time in settling down. Marriage, however, should bring you the peace you may not always have in the outside world, so take care not to miss out on it.

Among those born on this date are John McMillan, U.S. senator from Arkansas; John Chapman Farrar, poet, editor, publisher; Benedetto Croce, noted Italian philosopher, historian.

To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday be your daily guide.

TUESDAY, Feb. 26
PISCES (Feb. 20-March 20)—Pinhead matters may take up much of your time today, so

schedule other events with care and flexibility.

ARIES (March 21-April 20)—Affairs on the job should be approaching high tide, of opportunity. Take advantage of spontaneity. Look to subvert.

GEMINI (May 21-June 21)—The afternoon may be auspicious for taking the lead with your own ideas and plans. Be on the alert. Speak out.

CANCER (June 22-July 23)—Demonstrate your originality, but stick only to matters already under way. Start nothing new!

LEO (July 24-Aug. 23)—A day with room for many purely routine ventures. Best not to attempt the new or uncertain.

VIRGO (Aug. 24-Sept. 23)—Business dealings with others may be carried on, but only if you observe extra caution and thought.

LIBRA (Sept. 24-Oct. 23)—A good day for joint enterprises of all sorts. Mingle with others both professionally and socially.

SCORPIO (Oct. 24-Nov. 23)—Your day for moving up a notch privately and professionally. Others are inclined to listen, so express yourself!
